LEVY CATERING

Levy work with selected partners and suppliers to reduce emissions and food waste across their supply chain. With their help, Levy can continually create eco-friendly dishes for conferences and celebrations at Mattioli Woods Welford Road.

Food significantly impacts global emissions, with our worldwide food system contributing 30% of greenhouse gas emissions. Because of this alarming statistic, Levy is at the forefront of sustainable food practices, serving up locally sourced, plant-forward and seasonal menus – something we call our 'recipe for change'.

Come and enjoy the food from our Head Chef Rachael Dobson for any occasion!
